OUTLINES.

Near Butte, Mont., yesterday morning at 2:15 o'clock, two masked men held up a train, killed the engineer, and shot the fireman in the arm; then escaped without blowing up the express car, leaving a telescope of giant powder behind; a posse chased them with bloodhounds and captured one.——In Washington early yesterday, after quarreling with his wife about their engagement ring, William O. Rice shot his young wife, wounded their infant son and committed suicide.——In New York yesterday a Federal grand jury indicted four railroads for granting rebates to the Sugar Trust.——In a raid by police on a poker den at Jersey City yesterday, Sheriff Kaiser was caught at the gaming table and was sent to the station house in a patrol wagon.——Walter C. Davis, in San Francisco yesterday, became suddenly insane, and with a shotgun killed six people in a boarding house, four of his victims being men and two women.——In Philadelphia yesterday, Harold S. Jones, age 16, with G. H. Geddis, aged 18, held up two trolley conductors, but fled when the conductors showed fight. Jones shot at a policeman and believing that he had killed him, shot and killed himself.——The handsome residence of Mrs. William Thaw at Pittsburg has been mortgaged for $100,000, presumably to aid her son Harry K. Thaw in his defense.——On the Baltimore & Ohio Railroad in West Virginia, four people were killed in a collision.——In a collision on the Seaboard Air Line in Alabama two were killed.——The Federal jury at Birmingham, Ala., yesterday found bank embezzler Alex Chisholm guilty, and he was sentenced to six years, after he had declared that he was not crazy, as his attorneys pleaded in his behalf.——A tornado in North Texas late Monday afternoon killed many people, destroyed property and ruined crops. —— The Vice Admiral of the Japanese squadron at the Jamestown Exposition, is the ranking naval officer there, and the commanders of all nations are paying him great honor.——New York markets: Money on call, steady, 2 1-2 to 3 1-2; ruling rate, 23-4; closing bid, 2 3-4; offered at 3; spot cotton, 5 points higher, closing steady at 11.75 for middling; flour, firm and higher, with great trade; wheat, steady; No. 2 red, 90 1-2 elevator; corn, steady; No. 2, 59 elevator; oats, easy; mixed, 47; turpentine, firm, 67 1-2 to 68; rosin, firm.

"Should men buy women's clothes?" asks some one writing to a fashion magazine. Now, here, what does a man want with womens' clothes? He cant wear them himself and no woman would be caught at a cat fight wearing such togs as a man would select.

It was announced from Washington a few days ago that Mr. Loeb, private secretary to President Roosevelt, is to become a railroad president. Railroad securities should have immediately gone up on the New York Stock Exchange, as it indicated that Loeb isn't afraid of White House regulation.

When Senator Knox was President Roosevelt's Attorney General and the railroads began to show signs of fear, the Attorney General with more or less bumptionsness declared that the Administration "would not run amuck." Susequent events indicate that Knox talked one time when he didn't know what he was talking about. He laid himself liable to membership in the Ananias Club.

In view of the approach of the delightful Summer season, the Washington Post observes: "The Springfield Republican says the joys of life all come at one time—'the birds, the mellow moonlight, the flowers, and the peek-a-boo.' In some sections of the country they would add the strawberry shortcake and the crabfest." The Summer girl might have been mentioned, but "peek-a-boo" is probably synonymous for her.

RECORD IS EXPUNGED

County Commissioners Take Action on Recent Critcisms of Solicitor Duffy.

MET YESTERDAY AFTERNOON

Sanitary Board Re-elects Dr. McMillan Superintendent — Convict Camp Established on Rhodes' Place. Work on Greenville Road.

By resolution unanimously adopted yesterday afternoon at an adjourned regular monthly meeting of the Board of County Commissioners, the recent criticisms of Solicitor Duffy's conduct of certain capital cases in the Superior Court were ordered expunged from the record and a testimonial was given to the integrity of that officer and the court, which was held by some to have been indirectly reflected upon. The resolution was offered by Chairman D. McEachern, seconded by Commissioner Vollers and unanimously carried by vote of all the commissioners save one, Mr. Alexander, who was not present. The resolution came at the conclusion of other business, which had been held over from Monday afternoons meeting on account of the absence of the chairman, and it is as follows:

"Whereas, a resolution relative to certain cases in the Superior Court of this county, adopted at our regular meeting held March 4th, 1907, might be construed as a reflection on certain officials of said court, and such being neither the intent nor the desire of this Board, therefore, be it

"Resolved, That while reserving the right to express an opinion at any time and upon any matter pertaining to the welfare of the county, it is hereby ordered that the said resolution be expunged from the record of the proceedings of this Board."

The chairman stated the circumstances of the passage of the original resolution, and said that from the wide publicity given the expression and the different constructions placed upon it, he thought the criticism was construed more harshly than the Board intended it, and that he thought it was entirely proper that the Board should testify to their confidence in the integrity of the Solicitor and the Court. There was no further discussion of the matter, and the resolution as then presented was unanimously carried.

The meeting of the Commissioners followed a meeting of the County Sanitary Board, at which there were present, in addition to the Commissioners, Drs. R. H. Bellamy and E. J. Wood. This meeting was for the purpose of electing a county superintendent of health as is required by law on the first Monday in May. Dr. W. D. McMillan was unanimously re-elected to succeed himself, and subsequently at the meeting of the Commissioners his salary was fixed at $1,200 per year as at present.

At the meeting of the Sanitary Board the physicians in attendance called the attention of the prevailing along what is known as Macomber's ditch in the eastern part of the city. The physicians said that several cases of fever had occurred in the territory infected by this drain, two of the cases having been hemorrhagic fever. The County Superintendent and the physicians on the County Sanitary Board were instructed to investigate the conditions and report to the Commissioners at a future meeting.

The proceedings of the Commissioners other than that given above were not interesting. John S. McEachern Sons were allowed to correct clerical error in their bid for furnishing feed for the county teams, making corn 72 instead of 52 cents. The Permanent Road Committee was authorized to negotiate with C. H. Dock & Co., for the present machinery used in the operation of the city rock quarry, which is being established on the Rhodes place, near Wilmington. It was reported by the chairman that the rock supply there seemed to warrant the establishment of a permanent quarry there and a formal contract with Mr. I. B. Rhodes, owner of the place, will be made.

The Permanent Road Committee was also authorized to erect suitable buildings on the premises for the use of the convicts, bids for which will be called for in a few days. While the convicts have been temporarily quartered there they have ben housed in tents. The committee on the Greenville Sound Road was instructed to have the same run out as soon as possible, and it is stated that convicts will be put to work at once opening up the right of way. Chairman Vollers stated that it was desired to use some of the convicts for a day or two in grading the jail yard and making improvements there. This permission was granted him.

Chairman Vollers was authorized to make necessary extension of vault for the Clerk of the Superor Court, and to make needed improvement in the vault of the Register of Deeds.

AUDIT AND FINANCE BOARD

Regular Semi-Monthly Meeting Last Night—Some Appropriations Concured in and Others Not Approved—Other Proceedings.

The regular semi-monthly meeting of the Board of Audit and Finance was held last night at the City Hall, members present having been Chairman McQueen and Messrs. Yates and Tiencken. The proceedings were largely of a routine nature, though several matters of interest came over from the meeting of the Board of Aldermen the night before for concurrence.

The appropriation of $2,500 for the improvement of the east side of Fifth, between Dock and Nun streets, was not concurred in. This was the appropriation championed by Alderamn Price, who stated that the amount would come out of unexpended balances at the end of the fiscal year. The Board also failed to concur in the appropriation of a like amount for the macadamizing of Eighth street, on the south side, from Sixth to Ninth street. This was introduced by Alderman Brown who asked for a new appropriation. The improvement was wanted for the benefit of property owners on St. James' square.

The appropriation of an amount sufficient to purchase a typewriter for the Police Department was concurred in. The machine purchased is the Oliver, one of which is already in use by the Department.

The appropriation for extending the water main and establishing a hydrant for the fire protection of the lumber mill plants on the water front in the northern part of the city was deferred for further information.

The appropriation of $200 out of the funds of the Market Committee for placing a pavement around Fifth ward market was concurred in.

The Board deferred action on the repeal by the Aldermen on the tax on social clubs. It was stated that while the ordinance had been repealed this action could not be construed as retroactive in abating the accrued taxes.

Coupons to the amount of $100 which had been paid were burned by the Board. After auditing the usual bills for current expenses the Board adjourned.

SCALDED TO DEATH.

Suffolk, Va., Young Man Bridegroom of Only Few Weeks.

Mr. Bennie F. Cross, 21 years of age, employed as an engineer at a lumber mill plant at Folkstone, on the Wilmington and Newbern Railroad, died Monday night as the result of burns received Saturday while at work in the engine room of the plant. It appears that he was at work on some part of the machinery and that a negro fireman, not knowing the consequences of such action, opened a steam pipe which deluged the young engineer with hot water and steam from the boiler, his burns being of a very grave nature. He lingered in the most excruciating pain until Monday night when he passed away. The remains were brought to Wilmington on the 1 P. M. train from Newbern yesterday, and were prepared for burial by Funeral Director Woolvin, after which they were shipped to the young man's former home at Suffolk, Va.

The tragedy is sadder still because of the fact that only a week or two ago he was married in this city at the home of Mrs. W. E. Mayo, to Miss Dolly Ann Bell, a daughter of Mr. and Mrs. M. L. Bell, of Onslow county. The young man had returned to Folkstone for only a few days, and resumed his work when the terrible tragedy occurred.

SERVICES LARGELY ATTENDED.

Meetings at First Presbyterian Church Proving Most Interesting.

The series of evangelistic services at the First Presbyterian Church are continuing with increasing interest. Rev. Mr. Stough, the distinguished preacher from Chicago, is being heard with great interest and the singing led by Mr. Reynolds is soul stirring. The sermon last night is spoken of as having been especially strong and great interest was manifested at a meeting held after the regular church service in Abbie Chadbourn Memorial Hall. The hour of the afternoon service in the future will be 4 o'clock instead of 3 P. M. and the evening service will begin at 7:45 with half an hour of praise and song, followed immediately by the sermon. In the morning at 8:20 o'clock a prayer service is held in the lecture room and these meetings are growing in interest.

Steamboat Property Sold.

Fayetteville Observer: The property advertised by Mr. D. McEachern, receiver, was sold at public auction at the Court House this morning. Mr. H. L. Cook bid in the wharf property, and Mr. E. R. MacKethan the three lots on the hill. The sale was made subject to confirmation of the Superior Court of New Hanover county. The property sold is known as the Fayetteville and People's Steamboat Company, just above the present landing place, and situated where the old ford used to be."

IN FEDERAL COURT

Spring Term For Eastern District Convened Here Yesterday Morning.

ORGANIZED FOR THE WEEK

Man Charged With Robbing Mail at Fayetteville Sent to Atlanta. Cases Against Atlantic Coast Line Set—Sale of Schooner.

The United States District and Circuit Courts for the Eastern District of North Carolina at Wilmington, Judge Thos. R. Purnell, of Raleigh, presiding, convened yesterday morning at 9:30 o'clock in the postoffice building. There were in attendance of the court officers U. S. District Attorney Harry Skinner, Assistant District Attorney J. A. Giles, Marshal Claudius Dockery, Clerk S. P Collier, Office Deputies John Sharp and R. W. Ward. T. A. Watson was sworn in as court crier and Jno. W. Galloway and W. C. Carter bailiffs.

The grand jury was sworn and empanelled as follows: T. J. Armstrong, foreman; J. S. Nicholson, J. L. McKay, J. D. Peirce, F. J. Crews, Winifred Byrd, S. B. Newton, W. B. Cooper, W. H. Yopp, C. H. Alexander, M. F. Scott, Walter Kuhler. After a pointed but very comprehensive charge to the grand jury, members of that body retired and got immediately at work. A number of submissions were tried during the day and other odds and ends were cleared from the docket.

The most important case tried during the day was that of L. D. H. Jones, of Cumberland, a white man formerly employed at Fayetteville as a transfer clerk and charged with larceny from the mails. He was represented by Hon. H. L. Cook and submitted his case. In consideration of the submission he was let off with one year in the Atlanta prison. Jones was charged with taking a number of cheap watches, jewelry and other trifles from the mail while taking it to and from the station to the postoffice in Fayetteville. He has been in jail some time and at one time it was thought that a plea of insanity would avail in his case as he is not regarded as mentally sound by many.

Soon after court convened yesterday Jno. W. Bolton, Esq., of the Fayetteville bar, was introduced and after taking the oath was admitted to practice.

An order was made setting the 17 cases against the Atlantic Coast Line for failure to use proper couplings on cars for Saturday morning at 10 o'clock. It will be recalled that this action had its inception in Washington and is a charge of violation of a recent statute enacted by Congress. The attorneys for the Coast Line, Messrs. Davis & Davis and Assistant General Counsel George B. Elliott, have demurred to the indictments and it will be argument on this demurrer that will be had Saturday morning. The clerk is instructed to notify the attorneys for the railroads of the date of the hearing.

Capias and continued was the order in the following cases: Nat McKay, Cumberland, retailing; John Peek, Cumberland, retailing; Jude Edwards, Duplin, retailing; John W. Harriss, Cumberland, retailing and illicit distilling; Wm. H. Williams, Cumberland, embezzlement of money order funds; Robert Thomson, Cumberland, retailing; Dave Vestal, Cumberland, retailing; Geo. M. Taylor, Cumberland, removing and concealing spirits. Other entries on the clerk's docket are as follows:

Colin Seals and Fred Seals, surety, sci fa, nothing to be found.

Chas. Williams, Cumberland, defaulting witness, sci fa.

Dave Vestal with W. H. Ray and Dr. McN. Ray, sureties, Cumberland, judgment absolute according to sci fa.

Ed. Burns and F. D. Williston, surety, sci fa dismissed.

Butler Allen and Geo. Jackson, Cumberland, illicit distilling; waived bill and pleaded guilty; three months in jail, $100 fine and costs.

True bills were returned against L. D. H. Jones, as above, and Grant Porter, Cumberland, charged with retailing.

John McDonald, Cumberland, retailing; waived bill and pleaded guilty; four months in jail, $100 fine and costs.

Daniel Dixon, Cumberland, retailing; case dismissed without going to jury in consideration of trial on the same charges before State court.

Grant Porter, Cumberland, illicit distilling; verdict after court adjourned for the day; defendant guilty.

At 2 o'clock the court took a recess until 9:30 o'clock this morning. Robeson county cases are usually taken up on the second day of the term but the Cumberland docket is so heavy this time that a portion of today will likely be required to complete cases from that county. There are twenty cases all told from Cumberland.

During the morning session of the court yesterday Judge Purnell signed a decree of sale in the case of the libel of the schooner Stanley H. Minor, now in charge of the marshal at Southport, N. C. The sale is advertised by U. S. Marshal Dockery elsewhere in today's paper. The vessel will be sold on the 15th of May at 1 o'clock as she lies at Southport with her cargo of 450,000 feet of lumber.

BIBLE AND FLAG GIVEN

Pretty Junior Order of American Mechanics Ceremony at Immanuel Presbyterian Church Yesterday Afternoon—Address.

Pretty and impressive ceremonies yesterday afternoon at 3:30 oclock attended the presentation of a handsome Bible and flag by Jeff Davis Council No. 63, Junior Order of United American Mechanics, to the kindergarten department maintained in connection with Immanuel Presbyterian Church by Misses Savage and Bonitz. The exercises took place in the room of the church building devoted to this work, and the attendance was large, not only members of the patriotic order which bestowed the gifts having been present, but the teachers, pupils, patrons and friends of the institution alsc.

The Juniors assembled at their hall down town and marched to the church where the happy faced children awaited. The presentation address was by Woodus Kellum, Esq., of the Wilmington bar, and the gift was accepted in behalf of the kindergarten by Rev. J. S. Crowley, pastor of the church. The visitors were shown some specimens of the work being accomplished at this institution for the small children and they were delighted as well as having given delight to the little tots. The flag was unfurled to the breeze with appropriate ceremonies, and all who were present will remember the occasion as having been a most pleasant one in every respect.

The committee in charge of the ceremonies for the Juniors was composed of Messrs. E. C. Woodbury, Walter E. Yopp, John E. Wood, Andrew J. Hewlett and Rev. A. J. Parker.

AFTER HORSE TRADERS

Sheriff Receives Opinion From Attorney General of State.

Sheriffs all over the State have experienced much difficulty in construing the section of the Revenue and Machinery Act pertaining to the tax on horse dealers and traders. The Attorney General of the State has rendered an opinion on the law and copies of the same are being forwarded to the sheriffs with instructions to collect the tax by law. Sheriff Cowan has received a copy of the circular and will at once proceed against all delinquents in this county. The construction placed on the law by the Attorney General is very strict and all "traders" are held to be dealers whether the "trader" holds himself out as a dealer or not. The Attorney General says that a person who has on hand a lot of horses, is the owner of a livery and feed stable, and "who swaps with any and all who wish to trade, is in his opinion subject tothe tax.

THE SILVER TEA.

Delightful Affair to Be Given at Orton Afternoon and Evening.

The Silver Tea to be given this afternoon and evening by St. Agnes' Guild for the benefit of the work of the District Nurse in the parlors of The Orton promises to be a most charming affair in every respect, and all friends are nvited to be present. Some of the best musical talent in the city has been engaged and dainty refreshments will be served. The reception will begin at 6 o'clock in the evening and continue until 11 o'clock at night. It affords a fine opportunity for all friends of the work to spend a delightful evening and at the same time to contribute something to a most worthy charity.

Arrested Bad Negro.

Constable W. B. Savage, Deputy Sheriff W. H. Cox and Policemen Leon and Frank George yesterday morning before day at Almont factory arrested Herbert Moye, colored, charged with shooting Press Pemberton, the blacksmith at the plant, a week or two ago. Pemberton was brought over to the hospital here and has suffered an amputation of his leg as the result of being shot by Moye, who is held until the negro is able to get out of the hospital to appear against him.

Married Sunday Night.

Sunday night at 9:30 o'clock at the home of the bride, No. 613 Church street, Rev. W. L. Rexford, pastor of Market Street M. E. Church, performed a pretty wedding service which joined in marriage Miss L. V. Gordon and Mr. Thad. F. Tyler. There were a few friends present who extended happiest congratulations to the couple. Mr. Tyler is a popular contractor of this city and has many friends who will extend him sincere congratulations upon the happy union.

Will Meet at Winston-Salem.

Mr. Chas N. Evans, a member of the Executive Committee of the North Carolina Bankers' Association, has returned from a meeting of the committee in Greensboro. On account of the burning of the Hotel Carolina at Durham the place of the annual meeting of the Association was changed to Winston-Salem, but the dates May 22nd, 23rd and 24th was allowed to remain the same. Raleigh, Charlotte, Morehead City and Greensboro made bids for the meeting, but it was decided to go the twin-city.

Red Meet Tonight.

An important meeting of Laxipolka Tribe, No. 71, will be held in the new Red Men's Home tonight at 8 oclock and a full attendance of members is requested. Elsewhere in today's paper will be found an official notice for the meeting.

BONDS ARE CARRIED

Majority More Than A Hundred in Election in The City Yesterday.

RECORDER'S COURT LOST

Failure of Registered Vote to Come Out Did the Work—Returns to Be Canvassed Later For the Official Declaration.

Semi-official returns from all wards in the city make it certain that in yesterday's elections in Wilmington the propositions to issue $500,000 in bonds for the municipal ownership of a water and sewerage system and $400,000 in bonds for a comprehensive system of permanent street improvement were carried by majorities of 113 and 134, respectively, while the proposition to establish a Recorder's Court in the county with an enlarged jurisdiction, the elections having been held simultaneously, was defeated by a majority of 1,273. Evidently the voters of the county were impressed with the persistent argument made that the establishment of the court meant increased taxation, for not only did the court fail of a majority of the registered vote, which was required under the law, but it failed of a majority of the votes actually cast. The elections were both quiet and while there were workers at the polls both for and against the several propositions, with the possible exception of the bonds, the crowds were good natured and "joshed" one another repeatedly about the probable outcome when the ballots were counted.

The vote as nearly as it can be tabulated up to this morning is as follows, the returns from the county being incomplete only so far as Masonboro township is concerned and this not altering the result on the establishment of the court, viz:

The vote for Aldermen is not given for the reason that the ticket nominated in the primary had no opposition and all were almost unanimously elected. Some good friends in the Fourth ward insisted on voting for Alderman W. E. Yopp, of the retiring board, and in the Third ward the popularity of Justice Bornemann asserted itself in his receiving one vote for the clerkship of the Recorder's Court that was not established.

OVERCAPITALIZATION REGULATION.

President Roosevelt has at least one more piece of Congressional legislation that he wants in connection with Federal regulation of railroads. That is legislation concerning capitalization, or rather legislation to prohibit overcapitalization. It will be a difficult matter, however, to ascertain whether some of our trunk lines are really over-capitalized. No one can hardly conceive of the immense value of franchises already possessed, hundreds of lines of road already built, terminals that cannot be duplicated, and territory in which they practically have no competition. It must be admitted that the real value of some railroad properties is largely more than the cost of the actual building and equipment of the lines. However, it is a question to be settled in connection with the railroad problem, and President Roosevelt is preparing his plan to lay before the next Congress. In a speech which the President is soon to make he will touch on this phase of his plan to regulate railroads. Probably having in mind this intention of the President the Washington Post advances this bit of philosophy about the capitalization question:

"As we understand it, President Roosevelts position is much like this: With a supplemental act prohibiting further watering of railroad capital stocks, the chasing of the railroad octopus will be a closed incident in Congress, leaving it to the Interstate Commerce Commission and the Department of Justice to see that the laws are enforced.

"It will be a happy day when this railroad question is entirely out of politics The interests of the people and the roads are the same. When the people prosper the roads thrive, and when adversity comes to the people bankruptcy overtakes the roads. The States of Iowa, Kansas, and Texas would have less than one-tenth their present population and less than one-hundredth part their present wealth if no railroads had been constructed in their limits. But for the railroads the Dakotas would produce no more wheat in 1907 than they did in 1807. It was for lack of railroad facilities that corn was cheaper fuel than coal in the West of thirty-odd years ago.

"And, therefore, even assuming that the roads have been guilty of all sorts of devilment, as doubtless they have, they have been the biggest factor of the wonderful development of the past threescore years. In a publication very recently issued it is computed that the gross incomes of the roads in 1905 would have been $2,000,000,000 more than they were, if the rates of 1870 had prevailed in 1905. This is a no considerable item that should be put to the credit of the roads, for the reductions were voluntary.

"This stupendous sum does not stand for railroad benevolence or railroad charity. No doubt the roads were governed by selfish motives in making the reductions, for the result was greater production—more business and necessarily great profit for the roads.

"If rascality could be squeezed out of business and demagogy out of politics this would be a land doubly blessed. The railroads protest that they are quite reclaimed, and that in future they intend to be superlatively exemplary—that they understand the law, and intend to conform to the law. If they do that the demagogues will perish of inanition. There can be no smoke where there is no fire, and if the roads shall put out the fires of rebates and things there will be no smoke for the demagogues to blow in the public's eyes.

"The railroads have had a good scare; they have been wholesomely disciplined. They ought to agree to Roosevelt's proposal as to watered stock and be done with the thing. Then, if they should properly behave, transporting products between the States will be of no more political concern than the growing of potatoes in Michigan or goobers in Georgia."

While it is difficult to tell what the actual value of a railroad is when it comes to capitalization, it is equally difficult to tell what its far-reaching value is as an outlet for the wheat country, the cotton country, etc. Transportation while helping the wheat country in the Dakotas helps the consumers in the world who are dependent on the wheat country for their flour. The fact is the question of transportation affects every one of us in some way, and as a matter of course it deeply concerns the railroads. The interests of the roads and the interests of the people of all the country are involved in the question and all are concerned in its equitable adjustment—nothing unfair to one nor detrimental to the other.

Capitalization is a knottier problem than some people think of off-hand When a railroad increases its capital stock it increases its liabilities and it can hardly be presumed that any road would go to the extent of bankrupting itself by overcapitalization. In some instances that game may be played, but if the truth were known most of the lines increase their capital for the legitimate purpose of extending their lines and increasing their equipment—a thing as desirable to the country in the way of providing more and better transportation as it is to the railroads in extending their opporunities to earn something on their capital. It is a serious problem and no wild cat solution is wanted by the people any more than by the railroads.

THIRD TERMISM.

The Raleigh News and Observer remarks in an editorial paragraph:

"Roosevelt is now quoted as saying: "If I were to accept a nomination after what I have said on the subject, I would be historically disgraced." But if he declines, another reason for his action would be that he fears he would be defeated. And defeat would add to the 'historical disgrace.' The American peoplew ill never give to any man what Washington and Jefferson declined."

The friends of President Roosevelt all over the country are wasting their time talking about a third term for the President, and the newspapers are likewise wasting space in speculating whether the President would accept the nomination for a third term. Mr. Roosevelt has declared several times that he would not stand for a third term and long ago we accepted his declaration as settling that question. Some of his friends argue that he has really not had but one term, as his first term was the unexpired term of President McKinley. Reasoning like that is all bosh, and President Roosevelt knows it. He served practically the whole of one of President McKinley's terms and will serve a whole one of his own, and he knows full well that is two terms for him.

There is a principle involved in the third term business, and we take it that President Roosevelt recognizes it. The opposition to a third term is well founded. Some men in the position of President might, and most likely would, get gluttonous over power and usurp powers that do not belong to them. Some might exercise those powers without having a proper conception of the constitution, so the people consider it safer to rotate the ambitious fellows, rather than trust men with long leases of authority. Power, like the poet says of vice, might be "seen too oft, familiar with her face, we first endure, then pity, then embrace."

Third termism is under the ban. Washington, Jefferson and Jackson thrust aside the honor of a third term, and while there was great pressure for a third term for President Grant a Republican National Convention denied it to him. Even President Grant's great popularity was not sufficient to secure him a third term. The fact is, Grant himself did not much like the idea.

CURRENT COMMENT.

—If we had been in place of those Greensboro gentlemen we would have gone to jail before we would have told what we were fighting about.—Durham Herald.

—"Oh, the Carolina moonlight softly lights the starry sky," sings a Charlotte poetess. But it's the Carolina moonshine that lightens the Tarheel's heart just the same.—Washington Post.

—"Pocahontas was a good girl," says the Chicago News, "but she never wore a straight front." And if she were alive today she would find it difficult to keep a straight face.—Washington Post.

—Charles J. Harris, who wants to be the whole thing in giving the North Carolina delegation to Taft, objects to Butler's leadership. Butler has doubtless already tried to "queer" Harris. Each of the leaders will flyblow the other, and they'll nearly all be right.—Raleigh News and Observer.

—Sampson county is determined to educate her children. Centracts have been let for seven new public school buildings in that county, and four elections for special school tax will be held soon, while three more petitions for such elections will meet the school board at its next meeting. A county high school is to be established at Salemburg.—Raleigh Times.

—We are very glad the Governor saw fit to pardon 14-year-old Joe Williams who was doing service on the Mecklenburg county chain gang. The boy was led into his sin by older and wiser heads, and anyhow the chain gang was no place for him We saw the boy doing duty alongside a bunch of negro men, all versed in the ways of sin and crime, and we felt that it was a shame the boy was forced to such a lot.—Charlotte News.

—Extensive preparations are being made for the comfort and enjoyment of the 5,000 or more North Carolina veterans, who are coming here to attend the Confederate reunion. The Tar Heel contingent will be so numerous that it will almost form a colony in itself, though it will certainly not be an exclusive colony. Sanger Hall has been secured as a rendezvous and general meeting place for the old soldiers from the Tar Heel State, and there hundreds of them will spend their leisure moments. The outside of the building is to be adorned with an immense flag, while the inside will be even more attractive. The Carolina veterans have hired a fine piano, and as they will bring many skilful singers with them, they will not lack for good music. Their chaplain is also to accompany them and so will several caterers.—Richmond Journal.

—Husband (arriving with his wife at the station just as the train steams out)—There! If you hadn't taken such a fearful time dressing we shouldn't have lost that train. Wife—And if you hadn't hurried me so all the way here we shouldn't have such a long time to wait for the next one.—Meggendorfer Blaetter.

—A young clergymain in a remote country district wrote last Eastertime to Bishop Potter, saying that he was about to take a wife, and asked if, to save some other clergyman a long and weary journey, he could not marry himself. The bishop's reply was marvelously concise. It said: "Could you bury yourself?"—Washington Star.

—Newbern, May 4: The arrangements for the merger of the Newbern Banking and Trust Company and the Citizens' Bank are completed. The consolidated business will commence May 9th under the name of the former institution. The personnel of the official remains the same as have been in charge of the Newbern Banking and Trust Company, with the exception that Mr. T. A. Green, formerly president of the Citizens' Bank, is to be elected vice-president of the new bank. J. B. Blades is president and George B. Pendleton is cashier. This is an important financial move that gives Newbern as exceptionally strong financial institution, for the capital stock of the Newbern Banking and Trust Company will be increased from $100,000 to $200,000, which is a large capitalization for a bank in a city the size of Newbern. The total assets of the new bank will be $700,000.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. BODY RECOVERED FROM CAPE FEAR

Captain Thorsen's Remains Found at Buckhorn Shoals—All Four Bodies Have Been Recovered From River—Sad Case.

(Raleigh News and Observer.

The body of Captain Hans Thorsen, who on Tuesday, April 23, was drowned in the Cape Fear river, at Buckhorn Falls, in Chatham county, was found yesterday morning shortly before seven o'clock. The body was lying about fifty feet below the dam, where the scow went over, carrying four men to a watery grave.

The Phoenix Consruction Company, which is building the dam at Buckhorn Falls, instructed the J. W. Brown Company to send for the body prepare it for burial and bring it to Raleigh. A man was sent to the falls yesterday afternoon and the body will be brought here today. The funeral will take place this afternoon and the interment will be in Oakwood cemetery.

Captain Thorsen, who was from St. Paul, Minn., was to have been married to Miss Thelma Lindgren, a beautiful young lady of St. Paul, on the Saturday after the Buckhorn tragedy. She was on her way to Raleigh when Captain Thorsen was drowned and arrived here two days later, not knowing of his death until she reached the Yarborough House, where she expected to meet her lover She spent several days in Raleigh awaiting the recovery of the body of Captain Thorsen, and then returned to her western home.

Those besides Captain Thorsen who were drowned were Mr. E. A. Brady, of Moncure, and two negroes, all of whose bodies have been recovered, so that the waters have yielded up all the four bodies. The story of the accident is as follows:

The scow, which had been used in bringing lumber from Moncure, ten mils from Buckhorn Falls, had been fastened to the bank and the men had gone on it to push it from the bank to move it lower down to a strip of land between the power dam and the river falls. The men were pushing from the bank with long poles, when suddenly the current caught the scow, and with the men still struggling to right it, over the falls it went, Joe Andrews, one negro, jumping in time and swinmming ashore, while the four on the scow went to their death.

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at R. R. Bellamy's Drug store. 50c.

Female Discord

that is, discord in a woman's organs or functions, is simply another name for disease, but it expresses what perhaps you have never thought of, and that is, the jangling irritation of your nerves, when your organs are out of tune. Health is harmony. Every organ must do its work; every function must be natural, otherwise you need

WINE OF CARDUI Woman's Relief

to tune you up again, and bring harmony into your discordant system. Cardui does this in a natural manner, because it is a natural remedy, for diseases peculiar to women. It acts directly on your organs, heals and cures them, regulates the functions, helps to make you well. Mrs. James Johnson, of Mt Olive, Ark., writes: 'I suffered great pain in my head and back from female trouble, and could not sit up, but one bottle of Cardui brought me precious relief." Try it.

—George E. Sterling, a 15-year-old colored boy, a grandson of Samuel Sterling, porter at the store of C. W. Yates & Co., was arrested yesterday morning by Assistant Chief of the Fire Department W. P. Monroe, charged with turning in a false fire alarm from box 51. The boy is mentally unsound and he was locked up until his lunacy can be passed upon by the Clerk of the Superior Court, an affidavit having been made for this purpose by Captain Monroe yesterday afternoon.

RIOT IN SAN FRANCISCO.

Strikebreakers Fire Into Strikers—Several Will Die.

(By Wire to the Morning Star.)

San Francisco, May 7.—Strikebreakers in the uniforms of car inspectors and strikers and their sympathizers fought this afternoon on Turk street for more than an hour. Eight men were shot, among them a policeman and Detective Bell. Several of the men will die. The shooting was done by strikebreakers from car windows in response to showers of paving stones and bricks hurled by the mob. The riot is still in progress.

Eight men received bullet wounds, some of which will prove fatal. Among those thus injured are Detective Sergeant Ball and a patrolman.

Finally a dozen or more of the guards were arrested by reserves from the central police station and a union crowd boarded the rear-most car and started it back to the barns.

Arriving there the strikers charged and revolver fire was opened from the barns. In this encounter several more men were shot. A nonunion man threw the switch at Turk and Fillmore streets and the derailed car shot into the sidewalk, maiming two men whose names have not been learned. In the stampede that followed, scores of women and children were trampled upon.

The appearance of relief squads to reinforce Police Captain Mooney's men resulted about 4:30 in the partial dispersing of the crowds.

A rumor has it that Superintendent Chapman was seen about 5 o'clock driving rapidly on Golden Gate avenue, in an automobile that was dashed with blood. There is no confirmation of the rumor that Mr. Chapman was wounded. Practically all of the police reserves at the various precinct stations have been called out and are now patrolling the neighborhood of Fillmore and Turk streets.

TAFT SEES EXPOSITION.

Will Return Later and Deliver an Address.

Norfolk, Va., May 6.—After a trip up the James river and visiting Jamestown Island, Secretary of War William H. Taft, a member of the National Ter-centennial Commission, made an inspection of the government buildings and exhibit at the Jamestown Exposition late yesterday. He expressed himself as well pleased with the Federal exhibits. Taft told the exposition officials that he could not speak at the exposition on Jamestown Day, May 13th, but would be glad to make an address later. He returned to Washington late tonight.

Barbara Krupp, second daughter of the late err Krupp, the German steel magnate, was married at the Villa uegel, near Essen, Germany, yesterday, to Tilo von Wilmowski. The couple will live at Bonn, where the Baron is a government official.

BONDS ARE CARRIED

tion for Recorder and received a vote that was total. Mr. W. Sloan Huggins led the ticket for clerk of the court with 360, followed by Mr. Skipper with 314 and Mr. L. J. G. Morel with 231. It is interesting to note from the figures that neither of the candidates for clerk received a majority of the votes cast and had the court been carried there would have to have been a second primary to nominate this officer as between Messrs. Skipper and Huggins. The favorite ticket voted during the day was that for the bond issue for permanent street improvement which carried a larger majority than the bonds for water works and sewerage.

The vote as to members of the Board of Aldermen and as to the bond issues will be canvassed today at noon at the City Hall by one election officer to be named by the others to be a member of the canvassing board and then the result will be officially declared. Immediately upon the declaration of the vote for Aldermen the new Board will be sworn in, the selection on the Mayor in the primaries will be then ratified and the Board will organize for the ensuing fiscal year.

The returns from the election in the county will be canvassed either today or tomorrow.

HONORS FOR JAP COMMANDER.

Vice Admiral Ijun Outranks All Naval Officers at Jamestown.

(By Wire to the Morning Star.)

Norfolk, Va., May 7.—Signal honor was paid today to Vice Admiral Sir Gero Ijun, commander of the Japanese Squadron in Hampton Roads. He is the ranking naval officer in the waters off the Exposition grounds, and today every commander of the American and foreign fleets called upon him. The first to call was Admiral Davis, of the American fleet, representing Admiral Evans, who is sick. The commanders of the Italian, Austrian, French and other squadrons then called. The Japanese cruisers occupy the places in the battleship column made vacant by the departure of the British squadron.

During the stay of the Japanese cruisers Chitose and Tsukuba in Hampton Roads the officers and men of the American battleships Louisiana and Maine will entertain the officers and men of the Mikado's war vessels. Efforts are now being made to arrange a rowing race between the Japanese and American sailors and it is possible that the merits of jiu jitsu will be tested against the catch-as-catch-can of the Americans on the mat. There is a friendly intermingling to the men from the American and Japanese ships ashore and the little sea fighters from the East are devoting more time to taking in the sights than have the men of any of the other squadrons which have visited the Jamestown Exposition.

MANY KILLED BY TORNADO.

Several Towns in Texas Destroyed. Crops Ruined.

(By Wire to the Morning Star.)

Mount Pleasant, Tex., May 7.—Heavy damage and loss of life was wrought by a tornado which swept north Texas late yesterday. The towns of Rding Away and Birthright, 40 miles west of here, are reported practically destroyed. All telegraphic and telephonic communication is suspended and details are lacking. Nine people are reported killed in the two villages and vicinity. Great damage is reported at Canyer, a negro settlement, and loss of life may have occurred there. Birthright, a town of 500 inhabitants, is reported to have been completely destroyed.

The tornado appeared in the southwest late yesterday and moved at a terrific rate of speed, demolishing almost everything in its path. Houses were razed to the ground and many people sought the shelter of storm cellars. Several persons were injured by flying debris.

Crops are badly damaged and fences destroyed

RAILWAY TRAINMEN MEET.

Brotherhood Holding Biennial Convention at Atlanta, Ga.

(By Wire to the Morning Star.)

Atlanta, Ga., May 6.—More than 500 delegates gathered here today for the biennial convention of the Brotherhood of Railway Trainmen. Grand Master P. H. Morrissey, of Cleveland, O., presided.

Formal welcome was extended to the visiting delegates this evening in a public meting at which addresses were made by Governor J. M. Terrell; Mayor Joyner, C. T. Ladson and by Jerome Jones. Response was made by Grand Master Morrissey and L. S. Coffin, of Fort Dodge, Ia.

The appointment of a board on insurance to pass upon claims in the years in which no convention is held; and the discusson of labor policies with particular reference to the association idea which was employed recently in Chicago, when forty railroads were dealt with collectively, instead of independently, as formerly, are among the important topics to be discussed.

The labor situation in San Francisco yesterday showed no change. The street cars were not running, the telephone service was crippled, thousands of iron workers were still holding out for an eight-hour day, and nearly all of the big laundries were idle. No attempt to run cars was made yesterday. Conditions were made more serious by the virutla suspension of telephone service.

THREE RAILROAD WRECKS.

Six Killed and Many Injured in Collisions Between Trains.

(By Wire to the Morning Star.)

Wheeling, W. V., May 7.—In a dense fog early today the New York-Chicago Express No. 7, on the Baltimore & Ohio Railroad, crashed into an eastbound freight as it was taking a siding at Rosbye Rocks, twenty miles east of here, killing four trainmen, seriously injuring three others and slightly injuring five passengers. The engines, baggage, mail and express cars were demolished, but the passenger coaches and the sleepers were uninjured. The cause is said to be due to the fog which prevented the engineer of the passenger train from seeing a flagman that protected the freight.

Birmingham, Ala., May 7.—In a collision early today between an extra freight train and the engine of a work train on the Seaboard Air Line near Piedmont, Ala., two men were killed and nine were injured. Engineer Birch, of Birmingham, and Mike Young, negro, were killed.

St. Louis, Mo., May 7.—A passenger train on the Mobile & Ohio road, bound for Florida, collided with a freight train at Percy, Ill., late last night. A number of persons were injured but none seriously. The freight train was standing on the track and the passenger train rounded a curve at full speed and dashed into the freight. The engines were demolished, the first passenger coach was broken in two and a dozen freight cars were wrecked. The escape of passengers from death is considered remarkable. Beyond bruises, they escaped injury.

JAMESTOWN EXPOSITION.

Company Will No Doubt Get Money to Make It Success.

(By Wire to the Morning Star.)

Washington, May 7.—Secretary Cortelyou and Assistant Secretary Edwards, of the Treasurey Department, held a confernce today with officials of the Jamestown Exposition Company, President Tucker,, Chairman Johnston and Mr. Ellyson, of the board of governors of the Exposition, being present. Details of the proposed loan of $400,000 by the company were submitted and approved. This fund will enable the company to pay off all outstanding obligations and leave a balance sufficient for proper operation of the Exposition.

The government officials connected with the Exposition are anxious to aid in making the celebration a success and will co-operate with the comgrounds are encouraging, and it is pany in every way to bring about the result. Reports from the Exposition grounds are encouraging, and it is thought that within a short time the Exposition will be in full operation.

Norfolk, aV., May 7.—As a result of the Washington trip of President Tucker and Chairman C. Brookes Johnston, of the board of governors of the Jamestown Exposition, Vice President A. H. Martin, of the Exposition Company, today announced a postponement until tomorrow of the meeting of the board of directors of the Exposition Company, which was to have been held today, to make final arrangements for the placing of the $400,000 bond issue authorized for the completion of the Exposition. The company, it is officially stated, has several offers for the floating of the bonds.

NEGRO LYNCHED IN GEORGIA.

Shot Farmer and Mob Riddled Him With Bullets.

(By Wire to the Morning Star.)

Augusta, Ga., May 7.—A special to the Herald from Deering, Ga., says:

Charlie Harris, a negro farm-hand, who yesterday shot and fatally wounded Hayden Pearson, a prominent farmer, was lynched last night by a mob of about forty unmasked men. His body was riddled with bullets. The mob then visited th negro's homs, severely whipped members of his family and gave them a brief time in which to get out of McDuffie county.

Pearson, who lives near this place, was remonstratinf with the negro about poor work done on his farm when Harris drew a revolver and fired several shots into his body. His death is but a question of hours. A posse was immediately organized and captured the negro. He was started toward Thompson, but never got through a deep swamp which had to be crossed. No arrests have been made.

NORTH CAROLINA ELECTIONS.

Charlotte, Asheville and Other Cities Held Elections.

(By Wire to the Morning Star.)

Raleigh, N. C., May 7.—Elections were held in nearly all North Carolina towns today. The contests were generally without political interest.

In Asheville and Concord the Republicans made an aggressive fight. They lost out entirely in Asheville, but elected one alderman in Concord.

In Charlotte a business mens ticket, opposed to agitation of the liquor question, was elected.

In Reidsville a high license board had a strong majority.

One of the most heated contests was in Durham, over purely local issues. Mayor Graham was re-elected over two competitors.

LOVED TRAPPINGS OF WAR.

Death of Man Who Served Under Eighteen Flags.

(By Wire to the Morning Star.)

New York, May 6.—Henry R. H. E. McIver, a soldier of fortune, whose exploits have been carried on in many lands, was found dead in bed in his home in West 22nd Street today. He was last seen alive by Charles Mitchell, who lives in the house, last night. Death apparently came very suddenly. McIver's exploits wee made famous by a series of articles by a well known author which recently appeared in a widely circulated weekly. At the time of his death the old man was engaged in collaborating with the author in the preparation of a story entitled under the name "Fighting under Eighteen Flags.' In McIvers own story of his life he claims to have served as a soldier in the Sepoy mutiny, under Garibaldi in his campaign in Italy; as a captain under Don Carlos, the Spanish Pretender, as a major in the Confederate forces in the Civil War; under Maximilian in the Mexican War; as Colonel under Napoleon II; as a brigadier in the forces of the Khedive of Egypt; as commander of the cavalry of King Milan, of Servia, and later as commander of the personal guard of King Milan.

McIver was born on board a ship lying at Hampton Roads, Va., in 1841.

FLORIDA PEONAGE CASE.

Went to Florida and Served as a Laborer.

(By Wire to the Morning Star.)

Tampa, Fla., May 8.—The first of a series of peonage cases now in the United States Court here was put on trial before Judge Locke today when F. I. Howden, general manager of the Prarie Pebble Phosphate Company, was arraigned. The complaining witnesses are Philip Brodsky and Will Boresky, Russians. The indictment contains five counts, alleged arrest to a condition of peonage, unlawful detention. Brodsky testified that he was induced to come to the mines by an advertisement in a New York newspaper, engaging himself at a labor agency at No. 205 Bowery, New York. He was told that if he escaped from the mines at Mulberry he would be jailed. Nevertheless he escaped, but was recaptured and locked up. He claimed that he was paid only two dollars a week, after being put back at work and was made to sleep on hay, and told that he had to continue at work until he had made enough to pay his return fare to New York.

NEGRO LYNCHED IN MARION.

Attempted Assault Upon Twelve-Year-Old White Girl.

(By Wire to the Morning Star.)

Columbia, S. C., May 7.—Lambhold Carmichael, a Marion county negro, is supposed to have been lynched some time last night by a mob for an attempted assault upon Tincey Sawyer, the 12-year-old daughter of John Sawyer, a well-known farmer who lives near Mullins. The little girl's screams brought her father to her aid and he recognized the negro. The alarm was immediately given and a posse started in pursuit of the negro. When the posse returned from the chase they merely stated that the negro was out of the way and that "he could do no further harm."

On Saturday night of last week a negro made two attempts to assault the wife of a station agent in the same neighborhood.

DEMOCRATS CARRY BALTIMORE.

Elected Mayor and Both Branches of Council.

(By Wire to the Morning Star.)

Baltimore, May 7.—In the municipal election held here today, J. Barry Mahool was elected mayor over the present incumbent, E. C. Timanus, by a majority of 4,500. Both branches of the city council are Democratic by large majorities. The Democrats also elected the comptroller and the president of the second branch of the city council.

William Cooper Proctor, president of the Proctor & Gamble Soap Company, of Cincinnati, who was bitten by one of his pet dogs last week, which was suffering from rabies, returned from New York on Monday, where he had undergone the Pasteur treatment. The danger to the health of the young millionaire, it is said, has been entirely averted.

Colonel Richard P. H. Staub, who served with distinction in the Confederate army, died in Baltimore yesterday of heart disease at the age of 73 years. He served with Stonewall Jackson's brigade and participated in almost every battle fought by Jackson and Lee.

Careful Packing Preserves Candy

On opening a box of Nunnally's Candy one will realize immediately that it was packed with unusual care.

The top layer is found in a tray with every piece in a separate paper case. Beneath the tray the box is packed in layers. Each piece of candy has a definite position and is separated from every other piece by wax paper, partitions or paper cases.

The result of the above care in packing enables Nunnally's Candy to reach the consumer without a scratched or broken piece in the box, and in perfect condition.

SPIRITS TURPENTINE

—Wilson, May 6: Only a small vote was cast today at Black Creek on the dispensary question. Forty-six names were registered, but only 29 voted: 21 for saloons, 8 for dispensary. Everything passed off quietly.

—Winston-Salem, May 6: The body of James Wadkins, colored, who was killed Saturday night by a train at Guthrie, was sent to the home of his father near Kernersville today. Wadkins was badly intoxicated and it is thought lay down on the track.

—At Wilson on Sunday a handsome new Methodist church was dedicated with interesting ceremonies and services. Rev. Dr. J. C. Kilgo, of Trinity College, preached the dedicatory sermon, with a number of distinguished ministers participating. Former Governor T. J. Jarvis, of Greenville, delivered an address in the afternoon.

—Enfield Progress: The ground for the new plant of the Eenfield Knitting Mills has been broken, a construction gang is at work laying the sidewalk, and machinery and building materials are already arriving. Work is expected to progress rapidly from this time until the building is completed and machinery installed ready for operation.

—Spencer, May 6: Effective at once the locomotive engineers on the Southern Railway throughout the system have been granted an increase in wages amounting to 10 per cent. for passenger engineers and 6 per cent. for freight men and 50 cents and 45 cents, respectively, an hour, for over time. In the aggregate the pay roll for the engineers will be increased many thousands of dollars a month and is highly satisfactory to the employes.

—Charlotte, May 6: A murder mystery that has so far baffled the authorities, and about which absolutely nothing is so far known, has been brought to light near the Beattie's Ford road on the Catawba river. The body of a negro girl with only a skirt knotted about the waist, and with the throat cut from ear to ear, was found Saturday by parties passing the place. The body was floating up against the bank of an island in the midde of the stream, the head and shoulders being above the water. The authorities are working on the case.

—High Point, May 6: Senator Benjamin Tillman, of South Carolina, is now owner of a valuable store building in High Point, the deal having been closed today. Some time ago Mr. J. J. Farriss intersted Mr. Tillman in the future of High Point with the result that he has induced this gentleman to invest $10,000 here. The property bought adjoins the bank building of the Wachovia Loan and Trust Company, and is known as the Ragan-Mills building, fronting 40 feet and is two stories. Mr. Tillman was here Friday and inspected the building personally, telling how he intended to improve the place.

—Greensboro, May 6: Mayor Murphy is standing pat on his order to liquor agents to discontinue their business. His interpretation of the recent Supreme Court decision in the South Dakota and in the North Carolina case from Thomasville is that agents of liquor houses taking orders in prohibition teritory are held as violating the prohibition law. He also says that under what is known as the Wilson act, the shipping of liquor says that under what is known as the empted from the protection given by the interstate commerce laws. The question will evidently be a "moot" one until the Thomasville case gets squarely before the Supreme Court for a decision on the vital point.

—Mayor Stewart, of Washington, N. C., was in Raleigh on Saturday and the News and Observer reports him as saying: "Washington is making rapid and substantial progress in every way and is going forward in a business way better than any other town in Eastern North Carolina. The two new railroads are good indications of what capitalists think of Washington. The Norfolk and Southern has completed its bridge across the river below the town. It is three quarters of a mile in length, has two large draws and trains on the road from Washington to New Bern are running over it daily. Work is now going forward on the bridge across the river above the town of Washington, on the Washington and Vandemere Railroad, and that road is being built. Both these roads will develop a fine section of country and acellerate the growth of Washington."

Don't Pay Alimony

J. H. Rehder & Co.'s Big Spring Sale attracted a very large crowd yesterday morning. Long before 10 oclock there was quite a crowd on the sidewalk waiting for the opening, and eager to secure the bargains being oered. The sale will continue all the week. Among the bargains will be 10 yards bleaching for 45c; 10 yards bleached homespun for 45c; 10 yards 36-inch white lawn for 75c. Good bleaching 10 yards for 75c; 25c French lawn, 18 1-2c; 45x36 pillow cases at 10c each. Better be on hand early, as some of the best bargains may be sold out before the closing day.

GIRLHOOD TO WOMANHOOD

Lydia E. Pinkham's Vegetable Compound

ELLEN M. OLSON CLARA E. DARMSTADTER

The responsibility for a daughter's future largely rests with the mother.

The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that **Lydia E. Pinkham's Vegetable Compound,** made from native roots and herbs, will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities. It has been thus depended upon for two generations.

Hundreds of letters from young girls and their mothers, expressing gratitude for what Lydia E. Pinkham's Vegetable Compound has done for them, are constantly being received.

Miss Ellen M. Olson, of 417 N. East St., Kewanee, Ill. writes:—

Dear Mrs. Pinkham:—

"I have had the best doctors in our town for my sickness and they all thought that an operation was necessary. I had headache, sideache, and my feet were so sore I could hardly stand. I took two bottles of Lydia E. Pinkham's Vegetable Compound when my periods were established and now I am perfectly well. Mama says she wont be without your medicine in the house. I have told one girl what Lydia E. Pinkham's Vegetable Compound has done for me and she is taking it now."

Miss Clara E. Darmstadter, of 453 Breckenridge St., Buffalo, N.Y., writes:

Dear Mrs. Pinkham:—

"For about a year, except during the past few months, I suffered with severe pains every month, with backaches and headaches. I had the blues so bad that I was in despair. It is a pleasure to tell you that Lydia E. Pinkham's Vegetable Compound has cured me. The change in my appearance is wonderful and I desire that this good may come to every sufferer. Any one desiring to know further details may write to me and I shall be glad to give them."

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham, at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures where others fail.

No other remedy has such a record of actual cures of female ills. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's Ills.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, May 7.—The cotton market was quite active again today, sales being estimated at 360,000 bales. Prices made a new high record for the bull movement in the early session, but ruled off later and ruled irregular in the last hour, with the close steady at a decline of 4 to an advance of 5 points. The opening was steady at an advance of 4 to 9 points, with covering active and some buying for fresh account on the higher cables, and reports of too much rain in the South. Private cables from Liverpool report that spinners were unwilling to follow the advance and smaller English spot sales promoted some realizing and a little selling for a turn at the advance, but expectations of a bullish weekly bureau report sustained prices pretty well until midday when offerings increased. The forecast for warmer weather in the South and a rather less bullish weekly report than looked for, caused selling motive later, but eased to a decline of 1 to 4 points, the near months were steadied by a renewal of bull support and rumors regarding a possible corner in the July option, which closed about 5 points up from the lowest. Southern markets were unchanged to 1-8c higher. Private reports of crop damage continued very numerous, but some wires expressed the opinion that damage reports are exaggerated, and this helped weaken the new crop positions during the afternoon.

Receipts, 12,481 bales, against 22,509 last week, and 14,504 last year. For the week, 65,000 bales, against 72,826 last week and 68,347 last year. Today's receipts at New Orleans, 1,487 bales, against 2,567 last year, and at Houston, 4,972 bales, against 4,006 last year.

Spot cotton closed steady; middling uplands, 11.75; middling Gulf, 12; no sales.

KILLED WIFE AND SHOT BABY

Sad Tragedy in Washington As Result of Quarrel About Engagement Ring

YOUNG FATHER KILLED SELF

His Wife's ister Witnessed Shocking Deed—Baby is Now in Hospital, Fatherless and Motherless. Four Suicides, 2 Murders.

(By Wire to the Morning Star.)

Washington, May 7.—As the result, it is alleged, of a quarrel over a wedding ring, William O. Rice, aged 25 years, of 131 Hickman street, southeast, this city, and a telegraph operator on the Baltimore & Ohio Railroad, today shot and instantly killed his wife Lillian, fired a shot at his one-year-old baby Earl which took effect in the leg, and then committed suicide by shooting himself. Rice who worked nights returned to his home at an early hour this morning and finding his wife and baby asleep woke them up. A discussion ensued regarding Mrs. Rice's wedding ring, it being alleged that Rice had possession of the ring and would not return it to his wife. A quarrel followed, when Rice securing a pistol lying on a table, fired four shots.

Rice ,his wife, and child resided in the house of Mrs. Rice's father and mother. Her relatives think the crime was actuated by jealousy, although there was no reason for it. The tragedy was enacted in the presence of Miss Ida Groves, sister of the murdered woman. Rice died almost instantly, two bullets having entered his body. His wife breathed her last while in the patrol wagon on the way to Providence Hospital. Little Earl was detained at the hospital to be treated for a bullet wound in the fleshy part of his leg, and while the surgaons think he will recover from the effects of it, they are not certain that an injury to his head, sustained when he fell from his mother's arms, will not result seriously.

There have been two murders and four suicides in Washington within twenty-four hours.

SIX YEARS FOR EMBEZZLER.

Alexander Chisholm Declares He Was Not Insane—Verdict Just.

(By Wire to the Morning Star.)

Birmingham, Ala., May 7.—After having been out since 6 o'clock last evening the jury in the case of Alexander Chisholm, former paying teller, charged with having embezzled $100,000 from the First National Bank of Birmingham, which sum it is alleged he lost in cotton speculation, brought in a verdict of guilty shortly after 1 o'clock today and fixed the punishment at six years in the Federal penitentiary in Atlanta.

When asked if he had anything to say as to why sentence should not be pronounced, Chisolm arose and said that he regarded the verdict as a just one, that he was not crazy and never had been insane, but he regretted the affair very much. Sentence was then pronounced.

Judge Hundley said that in view of the youth of the prisoner he did not feel justified in giving him the maximum sentence—ten years—but in view of the enormity of the crime and the vigor of the defense he would not be justified in giving him the minimum penalty—five years.

He, therefore, made the sentence six years. As the prisoner arose and made his brief statement, closing with a plea for mercy, his aged father began to sob, while his sisters covered their faces with their handkerchiefs. His mother with remarkable fortitude controlled her feelings.

Before the jury left the box Heyward Chisolm, a younger brother of the prisoner, asked the twelve men to sign a petition for the pardon of the man they had just pronounced guilty. It is understood that a number of the jurors signed the petition. It is stated that Colonel Robert Chisolm, father of the prisoner, this morning privately requested Judge Hundley to have the sentence imposed bcome effectiv today. This request the court is said to have granted and young Chisolm will be taken to Atlanta tomorrow morning.

FOUR RAILROADS INDICTED.

Granted Rebates to Sugar Trust, Contrary to Law.

(By Wire to The Morning Star.)

New York, May 7.—A Federal grand jury which has been investigating rebate cases, today indicted the Chicago, Rock Island & Pacific Railroad Company ,the Chicago, Milwaukee & St. Paul Railway Company, the New York, Ontario & Western Railway Company and the Western Transit Company, on charges of granting rebates to the American Sugar Refining Company.

All the indictments contain several counts, the largest number being in that against the Ontario & Western which charges thirty separate offenses. The New York Central & Hudson River Railroad was indicted some time ago, found guilty and fined heavily. The sugar company which also was indicted for accepting rebates from the New York Central entered a plea of guilty and paid a fine.

That the American Sugar Refining Company was involved in the charges out of which grew today's indictments could not, however, be later confirmed. In fact, it was rumored that the alleged rebates were granted on shipments of commodities other than sugar.

TRAIN HELD UP BY MASKED MEN

Engineer Made Show of Resistance and Was Shot Dead in Cab.

FIREMAN WAS SHOT IN ARM

Robbers Best Hasty Retreat, Leaving Explosives With Which They Intended to Blow Up Express Cars—One Was Captured.

(By Wire to the Morning Star.)

Butte, Mont., May 7.—The North Coast Limited, eastbound train No. 22, on the Northern Pacific Railway was held up by two masked men near Welchs Spur, a siding 18 miles east of Butte at 2:15 this morning.

Engineer Jas. Clow was shot and killed and Fireman James Sullivan was shot through the arm. Without making an attempt to blow up the express car, as was evidently intended, the robbers jumped from engine and ran down the mountainside, disappearing in a gulch several hundred yards from the track.

Sheriff Henderson, of Butte, was notified and, with a posse left on a train for the scene of the hold-up. Sheriff Webb, of Yellowstone county, was on the train, and, with one of the train crew, started on the trail of the hold-up men five minutes after the shooting. Bloodhounds were put on the trail and this afternoon one of the fugitives was captured at Woodville, near Butte. The robbers left a telescope grip on the tender of the locomotiv. The grip was full of giant powder, elvdently intended for use in blow ing up the express car. The men boarded the train presumably at the Butte transfer, where a locomotive for the Montana division was attached. One mile west of Welch the men crawled over the tender, and with drawn guns, commanded the engineer to stop the train, which he did. Engineer Clow, however, made a show of resistance and one of the robbers fired, shooting him through the body killing him instantly. The other man shot at Sullivan, breaking his arm.

When the train stopped Conductor Bert Culver and the train crew ran to the engine, where they found a colored man, who related the circumstances of the hold-up. This man said that he had been stealing a ride and that the men offered him a third of the "booty" if he would assist them. He said he had refused and had taken no part in the hold-up. He says he can identify the robbers, and the man is being held for that purpose.

The posse with bloodhounds was joined at Welch by R. H. Goddard, chief of the Northern Pacific detectives at Livingston; Deputy Sheriff James Keen, of Gallatin county, and by James Latta, of Bozeman. Keen and Latta are the men who traced and captured "Ike" Gravelle, who, some time ago, tried to force the Northern Pacific Railroad Company to pay him $50,000 blackmail.

NEW YORK STOCK MARKET.

Bad Crop News Continues to Depress Securities.

(By Wire to the Morning Star.)

New York, May 7.—The professional operators in stock had the market much to themselves today. They found the line of least resistance to be downwards and accordingly sold stocks at offered prices down to seek a profit on the short side of the market. The sentiment of the day was one of depression, fostered by several considerations. Probably the most effective of these was the abandonment of the recent operations for the rise in a handful of stocks which have made up the largest proportion of the dealings for a considerable time past. Union Pacific and Reading have made up the bulk of the recent market and their relapse today did not leave room for the escape of the general list. The check to the rise in Reading was reinforced by the marked weakness in Delaware and Hudson, which developed yesterday and continued today. The pressure on this stock had the appearance of liquidation. Reports of new financing involving issue of new securities were amongst the attempted explanations. Disappointment felt by shareholders over the large deficit below the dividend requirement shown by the New York Central earnings for the March quarter proved a factor of depression in the whole market. Crop prospects continue to be a disturbing influence in the stock market in spite of published views of a number of competent authorities in a tone of warning against exaggerated fears for the crops at the present stage. The weekly bulletin of the weather bureau gave concise information, however, of decidedly unfavorable conditions over a large part of the Winter wheat region. The longshoremen's strike was regarded as an unpleasant incident in its possible effects on railroad traffic centering here. Covering by shorts caused a recovery of part of the day's declines.

SIX MURDERED BY INSANE MAN

Terrible Deed of Carpenter in San Francisco Under Sudden Impulse.

SHOT EVERYBODY IN SIGHT

Madman Used Double-Barrel Gun and Killed Four Men and Two Women. Miraculous Escape of Seventeen-Year-Old Girl.

(By Wire to the Morning Star.)

San Francisco, May 7.—Walter Charley Davis, a carpenter, in a fit of insanity today, shot and killed six persons at 414 Pierres Street, in this city. Davis and his victims all resided with the family of Orson Bush, who conducted a boarding house. Davis' home was in Farmersville, near Visalia, this State, where he had a wife and six children. He has been working here as a carpenter since the fire The shooting was done with a double-barrel shot gun. Davis, who slept in the same room with young Orson Bush and W. E. Beard, arose shortly after 5 o'clock and shot his two room mates.

After he killed Bush and Beard, Davis took a box of shells from a shelf and walked down the hallway, where he met Mrs. Lillie Carothers, a boarder, who had heard the first two shots, and had come to her doorway to find out what was the matter. He shot her, and with the remaining shell, shot Mrs. Orson Bush. M. E. Vinton, a government surveyor, who had recently come here from New York, was killed as he lay in bed.

Orson Bush, Sr., heard the shooting and rushed upstairs, where he was met by the murderer. The appearance of the hallway indicates that Bush had made a desperate fight for his life. His body was found as it had fallen at the head of the stairs.

Seventeen-year-old Annie Bush came running into the hallway and met Davis. He turned the gun upon the girl, aiming at her head. The girl found voice to say "Please don't kill me," and the shot gun dropped from Davis' hands.

"I can't do it," he said. "You are a good girl. Besides you look like my own child, and I would see her face if I killed you."

When the policemen came to arrest Davis he fought like a demon, and a riot call was turned in. Seven officers responded in an automobile. Two officers engaged Davis in a conversation while the others got behind him and pinioned his arms. He was then removed to the detention hospital.

SHERIFF CAUGHT IN GAME.

Jersey City Police Raided Poker Den and Took Him Along.

New York, May 7.—Something of a sensation was caused in Jersey City today by the arrest of Sheriff Kaiser, of Hudson county, the county in which Jersey City is situated, in a raid on an alleged poker game in a saloon. The policeman who made the arrest declares that the game was in full progress when he burst into the room and that the sheriff had possession of poker chips and some of the money on the table. Sheriff Kaiser says his arrest was a mistake; that he was merely playing pinochle when the policeman broke into the room. The sheriff was taken to a police station in a patrol wagon with several other prisoners, but was permitted to go on his own recognizance.
